

**We are looking for a friendly,
confident, creative and well
organised *Account Manager*.**

[who can make our customers smile]

The role:

Account Manager

About us:

With over 10 years experience in Corporate Clothing & Promotional Merchandise, we work with a range of well known blue chips; from High Street Retailers and Supermarkets to International Fitness & Leisure conglomerates. We are talent rich and, unusually for our industry, have fully formed design, on-line and production departments in-house. Our continued growth has resulted almost entirely from great service leading to repeat business and referrals. It's our approach to build excellent relationships with clients - working with them and not just for them. We are now looking for someone to take advantage of our depth of resources and drive the business forward.

About you:

Account Managers are our clients main point of contact, the people who 'own' each job and oversee it safely from initial enquiry through to final delivery. You'll be working closely with some well-known names from around the UK, as well as a few well-known local companies. We'll need you to build strong relationships and be an excellent communicator; someone who can ensure the client always gets great service. An excellent phone manner is a must. You'll also need to get the most out of those around you (internal production teams; suppliers; manufacturers; artwork & creative departments) as deadlines are notoriously tight and competition is fierce. Face to face meetings are often expected, so you need to be prepared to get up and go! Experience working in the promotions, retail, or textile industry would be of benefit; but it's your personality, warmth, positive outlook and proactive attitude that will really get you noticed.

The Benefits:

Competitive salary + Benefits

You'll be working with major national and international brands, with some opportunity for travel and networking around the UK. The range of work and clients you will experience look great on any CV!

Applying:

In the first instance, please send a CV and covering letter. You can email, post or upload you application via our website. We look forward to hearing from you.
